

ACRONYMS

ABS	anti-lock brake system
AC	alternating current
AGM	absorbed glass mat
BDC	bottom dead centre
CAN	controller area network
CDI	capacitor discharge ignition
CV	constant velocity
CVT	continuous variable transmission
DC	direct current
DOHC	dual overhead camshaft
DOT	Department of Transportation
ECU	electronic control unit
ECM	electronic control module
EFI	electronic fuel injection
GPS	global positioning system
IAT	intake air temperature
LED	light emitting diode
MAP	manifold absolute pressure
MIL	malfunction indicator lamp
OBD	onboard diagnostic
OEM	original equipment manufacturer
PDI	pre-delivery inspection
PH	potential of hydrogen
PPE	personal protective equipment
rpm	revolutions per minute
TCI	transistor controlled ignitor
TDC	top dead centre
TPMS	tire pressure monitoring system
TPS	throttle position sensor
